## Reference Letter

Dear Admissions Committee,

I am writing to recommend Wenying Tian for your postgraduate programme. I have known Ms Tian for three years, initially as her class advisor and as her Associate Professor for the *Social Science Research Methods* module during the 2023-2024 academic year. This has given me a reasonable opportunity to observe her academic progress.

Throughout the *Social Science Research Methods* module, Ms Tian was actively engaged in her learning. The module covered research methodologies and design, data collection and analysis methods, as well as relevant ethical considerations. Her final module score was 85. She contributed appropriately in class when asked to participate and during group discussions. She performed well in her group assignments, achieving a high overall coursework mark of 93. These aspects indicate that she possesses a good capacity for academic work requiring analytical skills.

In my capacity as her class tutor, I have discussed issues concerning her academic growth and future plans with Ms Tian. She appears motivated and has given thought to her academic pursuits. In my module, her performance was solid and demonstrated an ability to engage with university-level subject matter, particularly topics requiring an analytical approach.

Wenying Tian maintained solid academic performance throughout the course and demonstrated the skills needed to be well-prepared for the challenges associated with postgraduate study. She has shown the requisite academic capacity and analytical ability to succeed in your programme.

Sincerely,

Long Zeng, Associate Professor, Department of Labour and Social Security

College of Public Administration and Law
