## Self-evaluation

- With many years of experience as a teaching secretary and counselor, accumulated extensive expertise in educational management and student development. Assisted the college in completing psychology program accreditation and first-class undergraduate evaluations, among other projects. Systematically constructed the college's teaching management system to ensure the smooth operation of teaching. Always student-centered, focusing on the holistic development of students, actively communicating with them to understand their needs and challenges, helping them solve practical problems, and emphasizing the establishment of strong teacher-student relationships.
- As a board member of the association, has participated in numerous large-scale concerts, with solid stage presence and teamwork skills. Leveraging a musical background, has innovatively advanced the integration of art and education, guiding multiple groups of students to participate in various music activities and overseeing their involvement in external Guzheng grade exams. With the philosophy of “empowering education through the arts,” committed to building a multi-dimensional aesthetic education system.
