For further information please visit our [Disability Support](#) web pages.

As highlighted in our Recruitment, Selection and Admissions Policy, certain disabilities may preclude entry to certain courses, and where the adjustments needed to provide the required support are not considered reasonable, we will undertake to support you in considering an alternative programme where appropriate.

Student Visa advice: As an international student, you may need a Student Visa to study at the University of York. Please consult the [Immigration advice](#) web pages for information on which student visa you require.

If your offer included an English language condition, please also note that only English language tests taken in the last two and a half years relevant to your intended start date are valid for entrance purposes.

If you are applying for a new visa inside the UK, you must apply for the new visa before the course start date, or you will be required to leave the UK and defer your studies.

If you are applying for a visa within a different immigration category, e.g. Standard Visitor visa or dependant, you will be required to provide your visa when you enrol at the University. Further information is available on our [Immigration information](#) web pages.

Confirmation of Acceptance for Studies (CAS):

Deposits: You may need to pay a £3,000 tuition fee deposit as part of the CAS issuance process. For further information please see the [Tuition Fee Deposits Policy](#). If you require a student visa to study in the UK, you will need a Confirmation of Acceptance for Studies (CAS) in order to apply for your student visa. You can request your CAS after you have received, and firmly accepted your offer (unconditional or conditional). We cannot issue your CAS until your offer becomes unconditional and you have made your deposit payment if applicable.

The deadline to request your CAS is 11:59 pm BST on Wednesday 3rd September 2025.

You may be required to undertake a credibility assessment prior to a CAS being issued. UKVI often conducts credibility interviews for student visa applicants before granting a student visa. The purpose of the UKVI credibility interview is to ensure that an applicant has a genuine intention to study in the UK. Students who are required to undertake a University of York credibility assessment will be contacted with further details.

We strongly encourage you to request your CAS as early as possible after you have accepted your offer. If you are applying for your CAS close to the request deadline this does reduce the amount of time you have by which to book such things as your visa appointment. It is important that you understand the risks involved as the University is not able to control or influence the process through which individual visas are issued by the UKVI. We cannot guarantee that a visa will be issued by the last date of arrival for your chosen course.

These delays, which are beyond our control, may mean that you incur additional costs or you are unable to arrive in the UK by the last date of arrival for your chosen course. We strongly advise that you do not book a flight until you have confirmation that your visa has been granted. Further information is available on our [immigration information](#) web pages.

As part of your CAS request you will also be required to read and accept the [Student Visa Terms and Conditions](#).

Immigration Health Surcharge: Visas for more than six months include an Immigration Health Surcharge. Paying this will mean that you are entitled to receive certain free health services from the National Health Service (NHS) while you are in the UK, but please note that this is not private medical insurance. Further information is available at: [Apply for a visa from outside the UK](#).

We look forward to welcoming you to York as one of our students in September 2025. If you have any queries about your offer please don't hesitate to get in touch with us.

Yours sincerely

Rebecca Harrington
